

# PE Funding

## Report to Parents: September 2021

At Winford Church of England Primary School, we believe in the importance of encouraging pupils to lead a healthy and fulfilling lifestyle. This academic year we have been allocated a sufficient amount of money in our budget to support our Physical Education provision.

This funding has been awarded to all schools across the country and is received in two amounts. Between September and March the school will receive 7/12 of the total amount and the remainder is released in April.

We are required to publish online information about how we are using this funding. In deciding the nature of support, we consider the positive impact it will have on our staff and pupils. During 2021/22, the school will receive £35,540 between April 2021 and April 2022.

Obviously, the Covid lockdowns –starting in March 2020- and subsequent restrictions have impacted spending and the activities we could take part in the previous academic year.

<b>Nature of Support (September 2020 – September 2021)</b>	
<p>The funding received for Physical Education is being used in the following ways:</p> <ul style="list-style-type: none"><li>• Developing ‘Young Leaders’ project with Year 6 pupils</li><li>• Support with the cost of transport to and from sporting fixtures</li><li>• Entering of inter and intra school sporting events.</li><li>• Subscribing to both the Churchill Academy and Chew Valley Secondary School Primary Cluster SSP led competitions and events.</li><li>• Providing professional input from specialist coaches, for all pupils and CPD for teachers, across a range of sports.</li></ul>	<p><b>IMPACT:</b></p> <p>Unfortunately, this was not possible for last year’s year 6 cohort, but the then year 5s (and now year 6) cohort were able to take part in the training in June 2021, ready for the current academic year.</p> <p>This has not been possible last year, but should be resuming from September 2021.</p> <p>This has not been possible last year, but should be resuming from September 2021. These events allow all pupils to access a range of sports in both competitive and non-competitive ways. And experience taking part in sport with or against other schools.</p> <p>Virtual last year but should be resuming actual events, competitions and festivals from September 2021, led by sport education professionals.</p> <p>Our external sport providers (World Sport Ministries) will continue to provide top quality lessons on Thursdays across the school.</p>

- Purchase of equipment and attire for new sports.
- Our new PE progress tracking system powered by Real PE.
- Additional impacts:

Sport premium-funding break down – September 2020 to September 2021.

*Sports coaching (Term 1-6 2020/21): £5250*  
*Dance Teacher for years 1 and 2 (Term 3 2021): £500*  
*New equipment and development of outdoor physical play area for Reception- £6225*  
*Real PE subscription - £2060*

*Chew Valley SSP: £0*  
*Churchill Academy SSP: £0*  
*North Somerset PE association: £0*

*Transportation to events and tournaments: £0*

*Total spend = £14,035*

Teachers will be using the Real PE sports scheme for their weekly lessons.

New equipment has been purchased and as a result, the pupils are receiving a wider range of sports and skills. In particular new gym equipment and mats, and equipment for the new Real PE scheme.

Assessment of pupils in different sporting categories and skills is carried out throughout the school, to ensure that there is a progression of skills. It is then recorded, via Real PE, through the different year groups and key stages.

Uptake for externally run sports clubs at lunchtime and after school has increased (some limitations on those able to take part during the Covid restrictions), as has the uptake for pupils wanting to take part in tournaments and events out of school. E.g. Football Club now has over 40 pupils regularly attending, up from about 20 2 years ago and far more girls are also now involved.

The competitiveness of teams entered into events has increased after several years of sports funding. We have won all local tournaments for football, as well as being competitive and moany other sports. The school football team has reached the County finals for the last 4 years and the girl's team won their local event too – unfortunately, no tournaments have taken part since March 2020, but should resume from September 2021.

*Sustainability:* The purchase of new equipment, getting more pupils involved and interested in sport and specialist coaches, who benefit pupils, but also staff in terms of providing them with new skills, ideas and CPD opportunities, will ensure the sports premium funding will have a longer term impact.

In addition, many pupils that have left for secondary school in recent years have maintained their interest and participation in sport. 6 girls that lest in July 2021 have gone on to join a local girls football team,

particularly relevant as many girls drop out of sports in secondary school.

### Swimming Data

<b>Meeting national curriculum requirements for swimming and water safety.</b>	Due to COVID disruption this has not happened this year (20-21)
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	
Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No
